

SMART NETWORKING WITH LEADING CITIES & REGIONS

EUROPE'S  HEARTBEAT

Speed
Networking
Event

Join us for an exclusive and engaging experience at our "Smart Networking with NRW Cities and Regions" event!

On our NRW joint booth, we are hosting a Speed Networking Event where cities and regions from across North Rhine-Westphalia will be waiting to meet you with their town entrance signs and their top hashtags related to smart city solutions. This unique opportunity is your gateway to connect with key representatives from various cities and regions across North Rhine-Westphalia (NRW), Germany's powerhouse of innovation and industry.

Whether you're an investor, business leader, or entrepreneur, you'll have the chance to explore promising collaboration opportunities, discover the unique strengths of NRW's regions, and gain insights into the latest smart city developments. Through a series of quick, focused sessions, you'll meet with key stakeholders, share your interests, and uncover potential partnerships. Each city or region will showcase their vision for smart city solutions, highlighting their top innovations.

Don't miss this opportunity to forge valuable connections and explore the future of smart cities in NRW, Germany's investment location No.1.
